Kapaun

## *A View From Both Sides*

Kapaun Mt. Carmel High School is blessed with a beautiful setting and a unique campus. With every change of season, the student body and faculty are able to enjoy the changing colors of Kapaun's surroundings. The campus takes on a beauty which cannot be absorbed through any textbook or classroom. Whether or not one is taking an early morning walk to class or leaving late in the afternoon, the campus beauty is always preeminent.

The pages of this book will deal with various aspects of student life, clubs, sports, and academics. We feel that what lies inside our school is very important; however the nature that lies outside the building should not be forgotten.

KMC is blessed with many, many gifts and talents of which we are proud. At the same time, we must also remember to thank God for the gift of nature which not only surrounds us but also is to be found within each of us.

# WE GATHER TOGETHER

## *In Brotherhood . . .*

The students and faculties of Kapaun Mount Carmel and Bishop Carroll High School united at Century II on September 12, 1986, for their annual Mass of the Holy Spirit. The students put all rivalry aside and joined in prayer and song as The Most Reverend Bishop Eugene Gerber celebrated the sacrifice of the Mass.

## *In Celebration . . .*

Excitement and festivity filled the air as Kapaun Mount Carmel students and faculty celebrated the birth of Jesus Christ at their annual Christmas Mass. The Mass, said by Father Kenneth Melaragno, was held at Saint Thomas Aquinas Church, Father John Miller gave a well-received sermon.

## *In Thanksgiving . . .*

On November 26, 1986, the students and faculty of Kapaun Mount Carmel gathered at the Church of the Magdalen to reflect on their many gifts and to offer their thanks to God. This special Mass was celebrated by Father Kenneth Melaragno and the sermon was given by Father Bob Wachter.

# THROUGHOUT THE YEAR

Kapaun Mount Carmel's Music Department one of the best in the city. This shows when ey perform in their fall and winter concerts. Mr. Rick Netzer, director of the music department, spent long hours before and after chool preparing the students for the concerts. The music groups consisted of five groups cluding: Men's Ensemble, Girl's Choir, Concert Choir, Women's Ensemble and the Madrial Singers.

In the Fall Concert the Men's Ensemble sang, A Whale of a Tale", Girl's Choir, "Sing a New ong", Women's Ensemble sang, "See the World Through Childrens Eyes", and the Madgal Singer's sang, "Jesus the Fairest"; almost l songs showed symbols of God.

All the concerts were outstanding, not only to e people that came to see their children sing, ut also to the students who found out how lfulling it really is to be in a music concert. However, all of the hard work finally paid off four outstanding concerts, and a trip to the nnual state music festival. In addition they performed at various functions all over Wichita.

# HOMECOMING

Four years ago these twelve people walked "***In Kapaun***" ready to give their all to make their four years at KMC special. They contributed a great deal to the many functions offered here at KMC.

Stuco caught the attention of many candidates. Through their hard work and commitment, they set the path for many to follow.

Some of these candidates dedicated themselves to sports and used their athletic talents to make KMC a winner. Also, these candidates all proved themselves by their academic excellence. Some were members of Who's Who Among High School Students and also NHS.

As the moment arrived, the candidates held their breath while waiting for the names of the 1986-1987 King and Queen to be announced. Fear, anxiety, anticipation, and then relief swept over the candidates as Chris Garcia and Kathy Woodard were crowned. Excited friends and family ran down to offer congratulations. Mrs. Vincent gave a big sigh of relief as she realized another Homecoming was a success!

# UNITED SPIRIT

Appearing at plays, hurrying to soc-hops, going to concerts, attending dances, and arriving at games, all went into making our first spirit drive a complete success!

A new tradition was started this year at KMC. With the help of Stuco, Mr. Wendt, and of course, all the students, a new excitement raced throughout the school. To bring back a little of our forgotten traditional true spirit, Mr. Wendt divised a plan: give the students points for participation in school functions; make it a fun and exciting competition between the classes and then announce a winner.

"We were looking for a way to get more school spirit and to bring the students and classes together." Mr. Wendt commented. The enthusiasm that started at the beginning of the year never let down as the classes united to show their spirit at its best. Students from each class agreed that it did help to unite them and left them eager to participate. All had fun, and it proved to be more than just a success — It was KMC's true spirit!

# *Stairway To*

# HEAVEN

From the moment the students of KMC walked through the doors of the Mid-American All Indian Center, Saturday October 11, feelings of anticipation filled each and everyone of them. The theme, "Stairway to Heaven," left a feeling of romance and excitement around the dance floor which was shown as the students rocked non-stop to the beat of the Michael Beer's Band.

# PHILEMON

"Philemon" the chamber musical by Tom Jones and Harvey Schmidt, was the Stage Union's first production of the year. Based on an occurrence in Antioch in 287 A.D., Philemon traces the life of Cockian (Mike Moore), a street performer who is forced by Roman soldiers (Paul Genilo and Roger Hipp) to impersonate the dead Christian leader Philemon and uproot the Christian underground.

Greatly influenced by the young Christian Andos (Andy Woodward), the memory of his wife Marsyas (Rachel Ayer), the devotion of his partner Kiki (Kassie Dougherty), and the example of love by the woman (Suzanne Kriwiel), Cockian refuses to betray the Christians and is killed.

# YOU CAN'T TAKE IT WITH YOU

"You Can't Take It With You", the Pulitzer Prize winning comedy first opened in Boothe Theater in 1936. It ran for 837 performances to close in 1937. Exactly 50 years later in its Golden Anniversary Year Kapaun Mount Carmel was proud to present their own production of this enduring show.

The play centers on the lives of two families; the slightly insane Sycamore's and the very stuffy Kirby's. The action begins when Alice Sycamore (Renee Wilson) falls in love with Tony Kirby (Josh Foster) and invites his parents to dinner to meet her family. The Kirby's accept and arrive — one day early. The Sycamore's are stunned and the Kirby's are horrified but both decide to go ahead with the evening. The night was to be one Mr. Kirby (Todd Rusk) would never forget. It featured a wet kiss from Miss Wellington (Kassi Dougherty), a friend of Penny (Suzanne Kriwiel), Alice's mother, a flip from Mr. Kolenhov (Tyler Garretson), Penny's youngest daughter Essie's (Cathy Ramsey) ballet teacher, and an arrest by the three G-men (Andy Woodward, Tim Jones, and Gene Davis) who mistook the Sycamore's fire work business for a plot to overthrow the government and arrested everyone in the house.

The next day Mr. Kirby returns to discuss the situation with Alice's grandfather (Mike Morre). After much debate and embarrassment Mr. Kirby realizes that money and position aren't everything. This idea is further reinforced when he sits down to dinner cooked by The Grand Dutchess Olga Katrina Cousin to the Tzar (Amy Runyan), now a waitress in Child's restaurant.

Through definitely not a slice of life, "You Can't Take It With You" provided a comic way to see and evaluate what is important in life because "YOU CAN'T TAKE IT WITH YOU".

Miss Wellington (Kassi Dougherty) "sleeps one off" during the second act.

The Grand Dutchess (Amy Runyan) meets the Sycamores.

Rheba (Elise Albertha) greets Mr. Kolenhov (Tyler Garreson).

The Sycamores treat the Kirbys to a less than quiet night at home.

# FOREIGN FRIENDS

Imagine entering a new country where even everyday communication was difficult. Seven foreign exchange students, Stephanie Andres-Wagner, Patricia Cardenas, Edwardo Escalera, Christian Fischer, Christina Koester, Michaela Ring, and Veronique Tucillo stayed with various families and attended KMC this year. The students had the opportunity to learn about the American family, American way of life, and the chance to improve their English.

The students found American life to be very different. Some things that we take for granted like doritos, driving at 16, and trampolines are scarce items in their countries. They soon learned Americans do not live and drive as fast as they thought!

Despite some severe cases of culture shock, the students immediately started to uphold the Kapaun Mt. Carmel traditions of hanging out at Quik-Trip and finding new and innovative ways to buck the dress code.

By the time graduation rolled around, the KMC students and the foreign students had formed lasting friendships.

# SADD

Students Against Driving Drunk was in its first year at KMC. Over 300 students joined. Miss Sweet, Mr. Brown, Miss Wiseman, and Miss LaFever were the teacher-sponsors, who gave their time and energy to the progression of the program. The officers were President, Heather Loyle, Vice President, Trevor Bacon, Secretary, Mary Morey, Treasurer, Shawn Laughlin, Stuco Rep., Gretchen Braun, and City Rep., Kerry McCarthy.

Four committees were formed, activities, fund-raising, communications, and publicity, to carry out the many projects throughout the year. The year's projects included, "Chain of Life Pizza Party", "Buckle Up for Safety" week and a SADD workshop to name a few.

Sister Johnellen remains modest about all her time spent to make the club and projects work. These pictures illustrate some of the mission club events.

Student Council serves the community as well as the school with a variety of student interaction and charity projects. With the great leadership of Chris Garcia, STUCO president, Roger Hipp, vice-president, Michelle Ackerman, Secretary, and Ken Padgett, Treasurer, STUCO had another successful year.

In the fall, STUCO kicked things off with the annual school carnival in September and Homecoming in October. STUCO sponsored soc hops, MORP, and Prom provided good times during the winter and spring. Also, STUCO worked with the Misson Club on a canned food drive which succeeded in raising over 6,000 cans, needy families in the Christmas holiday season and the Senior-Faculty basketball game in May. Futhermore, the Secret Pal program, in which students adopt a teacher or administrator for the school year, returned to brighten many a faculty member's day.

1987 was a year of transition as KMC welcomed Mr. Steve Wendt as the new STUCO moderator. His contagious spirit of enthusiasm motivated STUCO to be creative leaders of the student body; STUCO encouraged better communication between the students, faculty and administration and hopefully this trend will continue. Many thanks should go to this group which keeps the wheels of KMC turning.

# IT'S A CARNIVAL!

On September 26, KMC held its annual carnival. Many students put their time and energy into making carnival a success. As well as making lots of money, it provided a fun atmosphere for kids of all ages.

New booths such as "Jacob's Ladder" and the Piñatas proved to be great successes. Another new booth, the "Dunking Tank", allowed students to get revenge on their teacher by throwing a ball at a target which then dropped the teacher into the icy water!

Food, festivities, and just plain fun blended together for a great evening.

# 100 YEARS!

On the brisk afternoon of April 12, a jubilant crowd lined the streets of downtown Wichita to watch the Wichita Diocese's 100th anniversary parade which culminated the week-long celebration. KMC entered an army tank to represent the life of Chaplain Kapaun, a Korean war veteran, who founded Kapaun in 1955. Assisted by some helpful KMC students Fr. Melaragno portrayed the heroic Chaplain while Coach Kriwiel played soldier. This was one of those once-in-life-time events which will never be witnessed by any of us ever again!!

# STAGE UNION

For twenty years, Kapaun students have participated in Stage Union, an honorary thespian organization which gives credit and recognition to students in the theatrical arts.

For an interested student to be eligible for membership in Stage Union, he must work for 100 hours in theater, be it on crew, or in the cast. The students that are accepted into the club must "prove themselves worthy" by performing in front of already initiated members at the Golden Masque Awards Banquet.

The members of the thespian society have a chance to shine in their once a year performance. This year, the play was Philemon, based upon an incident that took place in the Roman city of Antioch in 287 A.D. The play is open only to Stage Union members, and is completely funded by the organization.

More than anything, Stage Union gives students a chance to show their talents without inhibition and a chance to make new and close friends that share the same interests as they have. It can be said that Stage Union is one big happy family!

THESPIAN

# SMARTS!

The National Honor Society recognizes students who display scholarship, leadership, service, and character in school and community activities. Students who maintain a GPA over 3.4 are eligible for NHS. Twice a year, the faculty vote on those people after reviewing the students' activity sheets, finally selecting only 8% of the KMC enrollment. The chosen students are inducted at a special Mass.

NHS members ushered at the spring musical and at Commencement ceremonies. They ran the Penny Toss booth at Carnival, sold suckers, sponsored a Jeans Day, and tutored students. NHS annually gives a scholarship to a needy student using the money raised throughout the year.

College Bowl is an academic activity sponsored by NHS that quizzes members over a broad field of knowledge. The questions emphasize liberal arts, sciences, and language. This year's team, consisting of Ken Padgett, Chris Zoller, Chris Garcia, Eric Guinan, and Roger Hipp, worked with Miss Raglin to prepare for weekly tournaments. They proved victorious by winning the regional competition and advancing to the first Kansas State College Bowl Competition.

The Hi-Q team, composed of Ken Padgett, Chris Zoller, Chris Garcia, Eric Guinan, Eric Heath, Roger Hipp, and team manager Gretchen Braun, placed 13th out of 100 teams in the Super Saturday competition in El Dorado. With Miss Raglin's help, the KMC High-Q team was one of sixteen teams to compete on KAKE-TV. The College Bowl and High-Q teams spent many hours practicing for tournaments and matches. Their large collection of trophies show that these practices paid off well.

# LET US STAND . . .
# LET US CHEER . . .

*"LET US STAND, LET US CHEER RAISE OUR VOICES LOUD AND CLEAR, FOR THE KAPAUN CRUSADERS ARE HERE. IN AND OUT, LET US SHOUT, ITS OUR TEAM WERE PROUD ABOUT, FOR THE KAPAUN CRUSADERS ARE HERE. WE WILL FIGHT, FIGHT, FIGHT ON THE FIELD OF VICTORY. SHOUT OUT YOUR COLORS LOUD AND CLEAR: BLUE WHITE. FOR WHEREVER YOU GO YOU WILL ALWAYS KNOW THAT THE KAPAUN CRUSADERS ARE HERE, THAT THE KAPAUN CRUSADERS ARE HERE . . HEY! HEY!*

Who keeps the spirit flowing when KMC is behind? Who adds that extra excitement to winning? The cheerleaders and pom-pon girls!

At the end of each year a selective group of girls are chosen to lead their school at games and other school functions. Many long hours of practice are spent drilling routines and making hall decorations.

During the summer, ever squad attended a week long camp where they found fun, friendship and hard work. Several of the groups brought home awards for their talent and spirit.

Out of all of their talents perfected and goals achieved, the most lasting reward the girls have is the friendships they made throughout the year. In March each cheerleader and pom-pon girl turned in her uniform with nothing left but the memories and this song in their heads.

Cross Country this year was highlighted not just by it's successful season but by the added enthusiasm of a larger girl's team and the renewed zeal of striving for more.

Cross Country requires intense training, concentration, determination, and the desire to win. If all these elements are present, the race to the finish line is not only won but accomplished with fun and enthusiasm.

The boy's team found themselves with a new coach-Fr. Melaragno along with Coach Carney. The girls were trained under coach Knott. Respectable finishes were presented by the girls with fifth place and the boy's with tenth place. The coaches felt pleased with the effort put forth with this year's participants and will strive to be as successful next year.

# VOLLEYBALL

## *"Kapaun Mt. Carmel Volleyball In Finals"*

Although this did not really happen, the volleyball team has worked hard on hopes of reaching that goal. With new coaching, new players, and new offensive/defensive strategies, this year was a giant stepping stone toward that goal. Coach Brown and Coach Squires brought their talents to a well balanced team consisting of players from all levels. The season ended with a record of 7-9 for Varsity and 9-7 for J.V. KMC volleyball is improving with every year, and is looking toward future success with enthusiasm.

This year's gymnastics team showed their talent with grace, elegance, and raw energy. Enthusiasm for their sport was their second asset. Led by Coach Vanessa Wiseman they finished their season with a respectable 4-6 record. The heart of the team came from Michelle Drennen, Kim Kuhlman, and Candy Nolte, who went all-around in every meet. Throughout the season enthusiasm and love of their sport prevailed. Feelings ran high for an even greater KMC success next season.

# FOOTBALL

At the start of the season, Coach Kriwiel faced a football team short on depth and experience, but high on enthusiasm and determination. When the first game rolled around, the team had a different appearance.

This attitude of winning never ceased, with the cheering crowds supporting them, the team finished with a 6-2 record, losing only to rivals Southeast and Kansas City's Rockhurst.

With Pat Dougherty, Craig Holbrook and John Mertes making the all-city team, Kapaun Mt. Carmel continued to carry the tradition of excellence so well established.

# SMASHING SUCCESS

This year the Kapaun-Mt. Carmel boy's ten team has strived to reach their goal of success.

The Varsity players included Ron Geist, Rod Stevens, Jamie Lynch, Adrain Pay, Christian Fisch and Chris Zoller. Thang Bui and Greg Kratzer a played some varsity.

At the City League Dual Records the team finis 2nd with a record of 7-1. The team also took 2nd the Buhler Invitational. In the City League Tour ment Rodney Stevens placed 3rd and Christian scher placed 4th. In doubles Ron Geist and Ja Lynch tied with Chris Zoller and Adrian Pay for 2 Ron and Jamie also finished 3rd in Regionals and in state.

White hot . . . Freshmen hitting top! Definitely the feeling as the newest editions, Lisa Tholen and Charlotte Rineberg exploded onto the courts. The latest duo had arrived. But they weren't the only new sparks to hit the team; the girls found themselves with a great new coach-Welcome Mrs. Peter!

With the team's regular superstars, seniors Bridget O'Connor and Sarah Ewy the season was destined for the top. Before the girls knew it they were at state. Bridget once again won the 5A singles title while Sara was close behind taking third. 1st place in doubles at state was taken by Lisa and Charlotte with no trouble at all . . .

But don't get the wrong idea. There was more to the season than taking home the trophies. There was plenty of pigging out on pizza in Ark City, getting lost on highway 235, and of course making practices on time. Mastering this task was one of the most difficult which entailed racing to the courts while Coach Peter stood with a huge smile and a wristwatch. "Five laps girls . . ."

# WRESTLING

No introduction is needed for a team as great as the Crusader Wrestlers. A new and experienced coaching staff, Craig Nartker and Marty Straub, led both the Varsity and J.V. to yet another undefeated season. The Varsity duel streak was extended to 122 wins and they once again won their 13th consecutive League Championship and their 5th consecutive State Championship.

"Winning the State tournament was a total team effort," stated Coach Nartker. Eleven Varsity wrestlers qualified for the State Championship and all eleven were very important in the tough competition. Corey Jones and Neal Keller successfully placed first at State with Kelly Brewster and Mark Schmidt being awarded third place.

The J.V. was determined not to be overshadowed by their Varsity teammates with a duel record of 8-0, extending their winning streak to 87 consecutive wins. The team competed in varsity tournaments as a J.V. squad and placed high in both competitions. "The future looks bright!" exclaimed Coach Straub, caught up in the excitement of his winning season.

Once again, the KMC Wrestlers proved themselves worthy of the praise and bestowed upon them. They will remain the best wrestling team in the State, and a very important force in the school's spirit and pride.

# IT'S A TEAM EFFORT

The KMC Softball Program has been on the up swing the past few years and this year was no exception as the girls triumphed to a 8-8 record on the season. The teams success was partly due to three outstanding seniors: Michelle Wald, who received 1st Team All City, and Kathy Woodard and Karol Orth who earned Honorable mention All City. Another outstanding player was junior Michelle Orth who was named 2nd Team All City.

Unfortunately, this will be Miss Sweet's last year as the KMC Softball Coach - she will be greatly missed by her players. In a recent interview she said she would like to thank the girls, their parents, and the Administration for their support over the past four years and that she was very proud to be a part of the KMC Softball Program.

Likewise, the Baseball team was blessed with several outstanding players: Carey Jones, Jim Clement, Grier Jones, and Tc Vanatta. Besides the fact that they made 2nd Team All City th "batted in" a record of 9-7 in City League play. Although t team lost seven seniors Coach Hampton is sure of a great seas next year.

# IN THE HOOP

Kapaun's Varsity Basketball team was lead by a new coaching staff this year- Coach Joe Curl and assistant coach Mike Weiler. Together they emphasized the philosophy of "Play Hard, Play Unselfish, and Have Fun" in order to maintain KMC PRIDE.

Despite KMC's 6-15 record, the season's highlights included the opening game in which KMC overtook West High, domination over rival Southeast and victory over Bishop Carroll.

Seven seniors who assumed the leadership responsibility, established the standards for the entire season of playing hard to win.

The team as a whole fufilled their philosophy and helped in maintaining the KMC Pride. Their outstanding efforts will motivate us for years to come and KMC's winning tradition will carry on.

# SHOOTING TOWARDS SUCCESS

*Success* was most definitely the word used t describe the Lady Crusaders as they flourishe to a 12-4 record on the season. Through th unselfish attitudes of the players, the play o inexperienced players, and good team defens (which placed second in the City League), th Crusaders prospered and attained 3rd place i the City League. With overwhelming determ nation the team overcame the fact they only ha one senior, Michelle Wald, in the startin lineup.

Special awards were credited to Michell Wald and Jenny Ridder who both receive honorable mention All State. Michelle Wald proudly made the first team All Cit and Jenny Ridder the second team.

Coach Browning has high expectations for his team next year of sophomore Charlotte Rineberg, Bridget Baker, Liz Orth, and Maureen Bock, and juniors Susa Weixelman and Angie Ayala. He will be looking for leadership next year fron seniors Michelle Orth and Jenny Ridder who were the two starting guards this yea

In recognition of Coach Brownings winning season he was chosen City Leagu Coach of the Year! Congratulations Coach Browning!!

# GOLF

The Kapaun Mt. Carmel Golf teams have always been a successful part of our sports program. Both the boys and the girls have contributed to the great accomplishments which have been achieved over the years.

In the fall of 1986 the boys team, once again, won state. Rusty Brown received 1st place, Charlie Stevens received 2nd place, and Marcus Williams received 5th place. Also, the girls team won City League this year. Keli Blake was the only female to go to state where she received 2nd place.

Coach Mackey attributes the success of both teams to the outcome of many arduous evenings & Saturdays, spent on the WSU golf course.

## *On The Right Track*

The KMC track team certainly was on the right track this year. As early as February, team members could be seen stretching, jogging, and lifting weights to get into shape. Hours of rigorous practice every day taught these athletes to give it their all.

The girls' team, coached by Mr. Knott, Mr. Browning, and Mrs. Kramer, placed 1st at the regional meet and 7th in the state meet held at WSU. At state, Susan Weixelman placed 2nd in the long jump and 5th in the 100 meter dash while Julie Hoffman placed 5th in the high jump and Donna Boleski took 6th in the open mile.

The boys team, coached by Mr. Carney, Mr. Guzman, Father Melaragno, and Mr. Straub, took 4th at the regional meet. The team had its share of individual successes as well; the 3200 meter relay team placed first at the state meet while Andy Collingsworth took 2nd in the javelin throw.

The Kapaun track team was made up of many talented, hard-working people. The dedication of the coaches and the determination of the athletes resulted in an overwhelming sense of team unity and a strong drive for success, in addition to a whole lot of fun.

# SENIORS DEFEATED

School spirit was in full force as the student body interestingly watched the faculty trudging up and down the court against the mighty seniors! Much to the students' chagrin the teachers, led by Coaches Hampton and Wiler, were victorious. The final score was 43-36.

Although the students didn't fare too well (except for Ernie Nevile) the purpose of continuing a new tradition and of making a contribution to a worthy charity was achieved. (Each student was charged $1 admission). Also, everyone did have an enjoyable time. Better luck to the seniors of 1988!!

# RELIGION

Religion is the foundation upon which Kapaun Mt. Carmel was built. This year the Religion Department has had several new changes. Besides the addition of two new Religion teachers, Mrs. Knolla who teaches Social Justice to Juniors, and Father Dan Spexarth who teaches Church History to Freshmen, Father Ken Melargno is responsible for instigating a new program for Seniors entitled Community Service. The goal of the program was to help students realize just how lucky they are and to encourage them to give and share with those who are less fortunate. Each student was required to donate a total of 44 hours of charity work to various community organizations such as: The Arthritis Foundation, Maude Carpenter's Children's Home, Camp Wonderful (which assists retarded children), and the Pet Program (a program in which pets are taken around to old people to brighten their days). Furthermore Community Service helps to project a positive Christian image to the Wichita community which is also a goal of the Catholic Church.

# MATH

Our math department brought new life to the fundamentals of Algebra, Geometry, Trigonometry, Calculus, and Math Analysis. These courses taught by the most qualified staff, offered the student everything from adding and subtracting to analyzing math problems in preparation for college courses. Freshmen students learned the basics of Algebra which they later applied to Geometry, Algebra II, and so on up through senior year. The staff included Mrs. Feil, Mr. Brown, Mr. Porter, Miss Wiseman, Mrs. Core, and Mr. Barnhill who did their best to teach the students these methods and how to use them later in life.

# SCIENCE

A fine teaching staff, teamed with excellent facilities created an exciting atmosphere where KMC students learned everything from atom structures to zygotes.

Several new elements were added to the science department this year: botany, ecology, geology, earth science, and Mike Wyler who KMC welcomed as the new earth science instructor. Also, Mrs. Bunting spent another productive year as the chemistry and physics teacher, Mr. Cook returned to teach botany, ecology, geology, entomology, and biology, while Mrs. Kramer was back for her third year, instructed classes in biology and anatomy/physiology.

A solid background in the sciences is essential to a students' education in any field of interest. KMC strives to offer students the finest science education available.

# SOCIAL SCIENCE

Social Science defined is the study of society and of individual relationships in society. Kapaun offers an excellent variety of classes in this area including psychology, sociology, Europe in Revolt, geography, and government.

"After four years of school, I finally have my Masters," Miss LaFever said, our psychology and sociology instructor. Psychology teaches us about personality development, how culture affects us, and basic human tendencies; whereas, sociology teaches about the individual in his society.

Government classes, led by Mr. Straub, found themselves very busy with participation with activities including the Presidential Classroom, the Close-Up Foundation's "Citizen Bee", and the Congressional Youth Leadership Program.

Europe in Revolt taught by Sr. Johnellen gave us a history of Europe. Geography taught by Mr. Nartker helped us become better oriented towards world around us.

# HISTORY

History is the study of the past which teaches us about ourselves and the world around us. By knowing about our past experiences we can learn how to better ourselves in today's life. KMC's history department tries to accomplish this. Mr. Wendt taught world history which "covers actions of many people." U.S. history is taught by Mr. Nartker, Dr. Carlin, Sr. Johnellen, and Mr. Straub which gave us a detailed look at how far our country's come and how far we could go!

# LANGUAGE

French, Spanish, and German are the three main languages taught at Kapaun Mt. Carmel.

Language plays a key role at Kapaun. Language provides the students with a skill, or new talent that will assist them up through their high school and college years, and also in their later life.

Language helps develop skills for grammar, reading, communication with other countries, and writing skills as well.

The department provided the students to take on a challenge and to prepare themselves by learning other countries languages and cultures.

# ENGLISH

English is an important part of a students life building skills. It should provide a basic background in Grammar, Literature, and Communication. English is also used as a building block for those students preparing for a college education. Composition helps the student to develop creative thinking and writing skills; Grammar adds to the everyday management of written and oral communication. Lastly literature opens windows of knowledge which increases our under standing of past, present, and future.

# COMMUNICATION

Yearbook class can be compared to a small business in that it is a separate enterprise which produces a memory book for the entire school. Besides learning to write in a journalistic style, students learned how businesses are run, what they run on (budget), and about how business relationships work. In addition, they learned about the interdependency of one department upon another, such as in the area of photography, and they also learned the tremendous importance of meeting job "Deadlines!" Besides the basics of Journalism students did many fun things which built a sense of comradery, such as going to lunch and breakfast to celebrate each Deadline Success.

The communications class studied learning theories about the art of human communication to improve themselves when speaking with others.

# KAPAUN SPEAKS OUT

A person can learn to speak well. Speeches communicate a ersons ability to think, use language correctly and effectively, aving an impression of the person's voice, and bodily actions. mprovement in speech can improve the personality of a per- n because speech reflects moods, attitudes, temperament, haracter, intelligence, and education.

According to Mr. Page, "Debate is the study of world issues rough a format of formalized argumentation." The awards on by the team were second place at Northwest High School, ird place at Caney Valley High School, and third place at Vest High School. Congratulations!

# MOTIONS

The P.E. program at Kapaun Mt. Carmel is a fun and important part of our academic background. Both girls and boys may participate in these educational classes, which feature bowling, skating, playing raquetball, basketball, baseball, and many more.

We have three instructors in our P.E. department: Coach Guzman, Coach Hampton, and Coach Sweet, who is the girl's instructor. This year, the department offered two brand new courses; C.P.R. and Lifetime Sports. These were available to any students who had been through a P.E. course as a Freshmen, and were very successful.

Freshmen find in their P.E. class a fun way outside the classroom to not only learn, but participate, work together, and help develop their unity as a new class at KMC.

# IN EXPRESSION . . .

Creativity and genius cannot be taught, but they can be developed and anneled. The goal of Kapaun's Performing Arts Departments is to give is instruction and guidance.

Mr. Clarke's Drama I class learned the rudiments of stage technique hile beginning to explore their own creative energies. These skills were panded and enriched in Drama II or combined with knowledge of set ilding in Stagecraft.

Meanwhile, in the Music Department Mr. Netzer trained freshmen udents in the Women's and Men's Ensembles and helped the Madrigals perfect their quality. The department gave frequent concerts and also orked with the drama department to present this year's Spring musical, *arnival.*

This year was a busy one for both departments, but it was filled with joyment and success.

# SURVIVAL SKILLS

IN PREPARATION ...

Reading, writing and arithmetic are all necessary skills but t balanced student also needs to learn how to survive! The Home E nomics department provided students with these skills.

In Single Living Mrs. Siebert taught one quarter and covered ho finances, income tax preparation, budgets, insurance and record ke ing. Mrs. Koftan taught the other and dealt with basic nutriti shopping techniques and record keeping. This class prepared stude for getting out on their own.

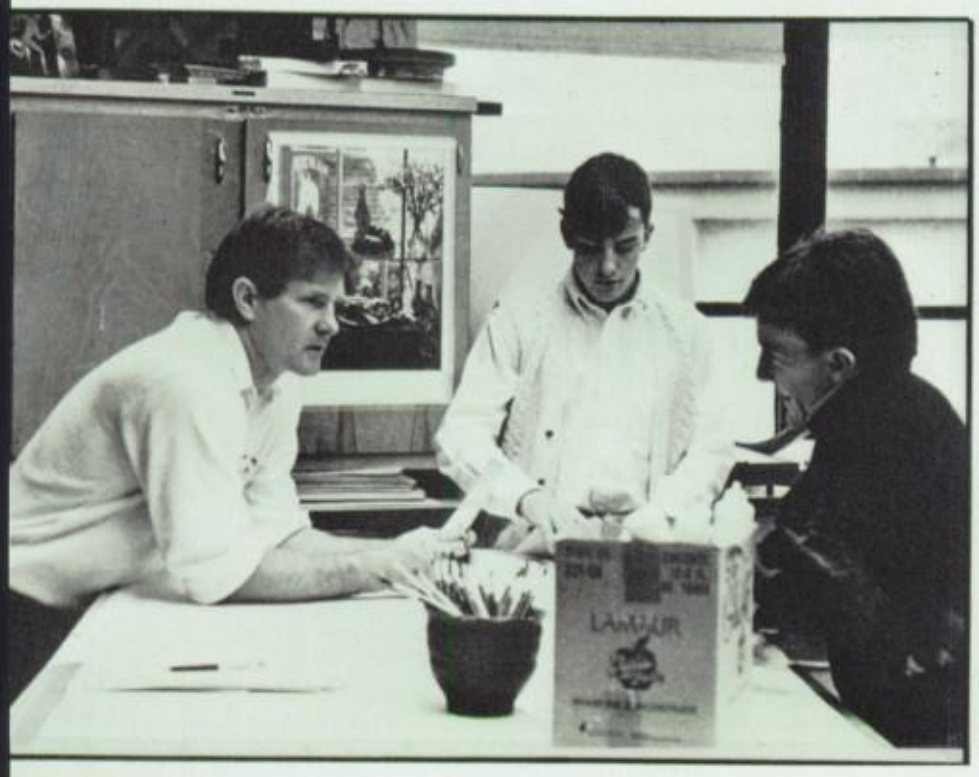
Mrs. Koftan taught Interior Decoration in which students w introduced to the elements and principles of art as related to inter decoration. The class also enjoyed many field trips to homes, mo homes and local businesses.

The delicious smell of home cooked food that frequently filled t halls of K.M.C. came from Mrs. Koftan's Food Class. The stude in this class enjoyed the food as well as learning about nutrition a food preparation.

In Mrs. Koftan's Crafts Class students had a good time while lea ing skills for hobbies they can enjoy for a lifetime.

In the Clothing classes taught by Sister Lucy and Mrs. Koft students felt a sense of accomplishment after sewing garments wh the whole school could admire in the display case in the hall.

# THROUGH THE EYES OF AN ARTIST



Pat Collinsworth and Darren Autry joke around with Mr. Knott.

Art is the creativity of life. Mr. Brent Knott, the art instructor at Kapaun Mt. Carmel works with the students, to develop their art talent deeper than it all ready is. The art students work in oils, pastels, watercolors, and pencil to create a design they can call their own. Ceramics is another art talent that is taught at Kapaun. It shows you how to take a blob of clay and form it into something beautiful, and to be really creative with it.

Mr. Miller, the drafting instructor, teaches a drafting one, two, three, and four. Students learn the art of dimensions views and designing architectural house plans. These are but a few of the principles that are taught at Kapaun.

(Right) Brooke Fairchild concentrates on her work of art.

# GETTING DOWN TO BUSINESS . . .

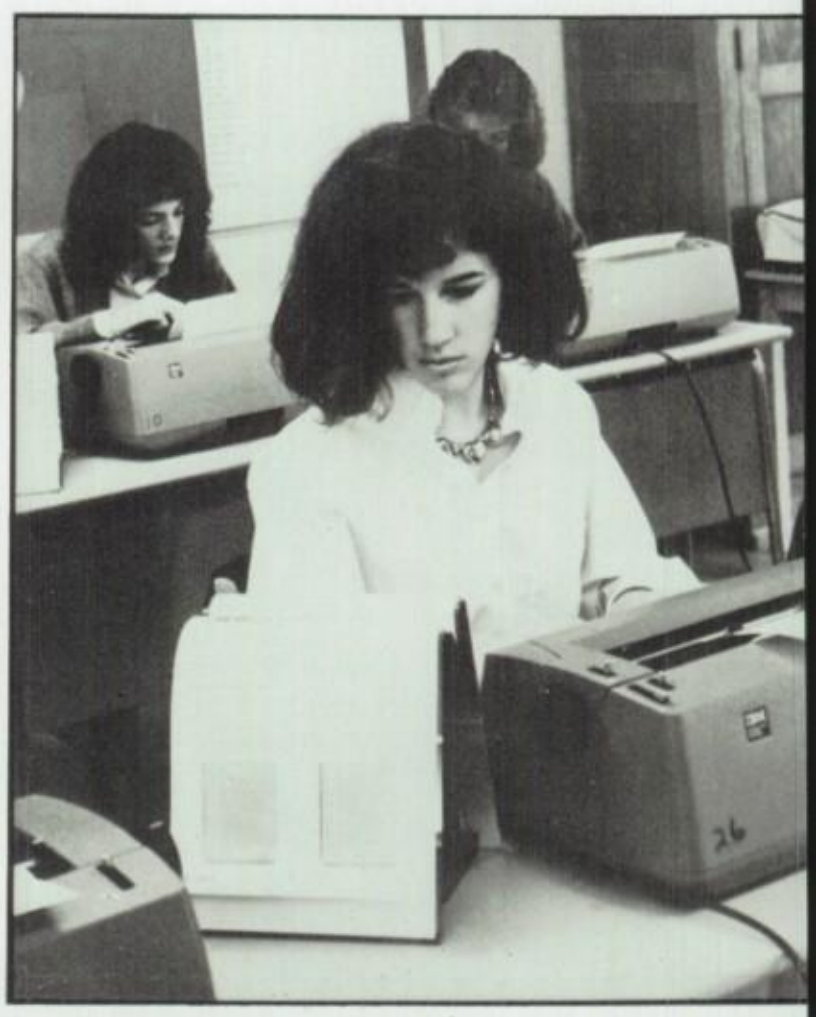
Basic business skills are needed to survive college and the working world. Mrs. Peter, Mrs. Kufahl, and Mrs. Seibert worked to teach and develop students' talents in these areas.

Mrs. Kufahl taught typing, business law, and entrepeneurship. Entrepeneurship incorporated the ideas of typing and business law and the students applied the concepts to the challenge of starting a new business.

Mrs. Peter shows that accounting can "make or break" your financial life. Accounting helps show the way to balancing accounts and figuring large executive accounts. Everything in accounting can, and probably will, be put to use in later life.

Mrs. Seibert taught typing and notetaking, both of which are helpful, not only now but also in the future. The class gave students a quick and easy way to take notes and improve their typing.

Together, the teachers in the business department help to prepare us for the future, involving many aspects of the business world.



"Keep those wrists up!," thinks freshman Molly O'Shaughnessy

# TIME WARP

On February 7, Morp '87 was a time for ex-tement as the girls planned a 'special' evening r their 'Special' guy. The guys were escorted a romantic dinner, and later were whisked vay to the Kapaun gym where they boogied the ght away. The theme, "Time Warp" let people e their imaginations to come up with very ique costumes.

People in roaring 20's costumes, girls in flap-r dresses and guys in gangster outfits were en everywhere. There were girls in poodle irts with pony-tails and guys in leather jackets th greased-back hair. Punks, Indians, and sail-s were also seen amongst the crowd. Pictures re taken and smiles flashed revealing the fun another dance.

"Are we having fun yet?"

riendly Flappers Nina Koster and Danielle Iacovetta

"Check these out!" exclaim Steve Orth and Sarah Ewy.

"But I don't want to go to bed!" whines Trevor Bacon.

# PEOPLE

# ADMINISTRATION

To provide a strong Catholic education in a disciplined atmosphere was the goal of the KMC administrative staff. The staff consisted of many concerned people determined to help students to grow to become better individuals.

A new face showed up on the staff, Mr. Duwane Miller. Taking over Mr. Carney's responsibilities of student affairs, Mr. Miller helped the school run more smoothly. In his second year as principal, Dr. Edward Carlin continued to bring fresh ideas to the faculty, student body, and the curriculum.

Mrs. Orth, Mrs. House, Mrs. Schmidt, and Mrs. Ludwig were the unsung heroes of the school. Without this great office staff, things just wouldn't get done.

Mrs. Bitel, new this year as freshmen and junior counselor, helped Mrs. Kosier steer students toward the right decisions concerning their future.

Another new face showed up in the library. Mrs. Sharma took over the responsibilities as the librarian. She helped students (and teachers) find books and research material for their classes.

The administration tackled the job of running the school with great enthusiasm and optimism. Thanks to these people it was successful for teachers, students and parents.

Our high school years at KMC could be ummed up in one word - friends; None of s could have done it without them. Our iends were teachers, administrators, nitors, and even freshmen. They were hletes, thespians, singers, artists, ebators, stuco members, foreign xchange students, lab partners, and udy buddies. We met them in classes, at eetings, at SOC hops, plays and porting events. We helped them through gebra, English, chemistry and typing. We traded gossip, homework, cars and party information. We shared ideas, lunches and looseleaf paper.

Together we shared all the joys and pains of being students.

It is these memories which will be forever etched in our minds and it is to these friends that we "Never Say Goodbye."
